**Teacher Data Meeting**

Teacher: \_\_\_\_\_ Grade Level: \_\_\_\_\_ Date: \_\_\_\_\_

How well is your class doing?

Are ALL scholars learning?

Which scholars are scoring below standard? Address all core areas: reading, math, science, and social studies.

How far below standard are they scoring?

What patterns emerge?

What stands out in the data?

What conclusion can be drawn that is supported by the data? \_\_\_\_\_

What else do I need to know?

Why am I getting these results?

Do report card grades align with test data? If not, why?

Are there attendance issues?

Are there behavior issues hindering the scholar's learning?

What am I currently doing to impact instruction? (PLUS)

Areas to Address (DELTAS)
